About Me

A fitting description of my approach to life would be that I have an **entrepreneurial** mindset.

I like to take **action** to achieve my goals, making decisions **carefully** and **thoughtfully**. Taking risks is not unfamiliar to me, but I ensure that I am **aware** of the possible consequences and try to minimize them as much as possible.

I am always open to **consultation** and **discussion**, and I believe it is important to **listen** to other perspectives and insights. In short, I would describe myself as a **risk manager** who is open to **collaboration** and the sharing of **ideas**.

My Qualities

When it comes to my technical skills, I am proficient in various programming languages. I have extensive knowledge of **Python** and a solid understanding of **C#** and **Java**. I am always open to learning new programming languages.

I have experience with **Google Spreadsheets**, enabling me to visualize data clearly. Additionally, I possess basic knowledge of **Microsoft Excel**, a program still widely used across various business sectors.

Hobbies and Likes

I work out several days a week from home and enjoy **fitness training**. Moreover, I like **gaming** with friends as a form of relaxation and socializing. I also **read** a lot and am immersing myself in learning **Japanese**. By integrating these activities into my life, I can find the perfect balance between effort and relaxation.
